Description

Why choose Extenda-Bond Plus Tape for Bonding?

- **Breathable Design:** Extenda-Bond Plus is designed with intricately placed holes in order to help the scalp breathe, while also maintaining the 4+ weeks hold time.
- **Semi-Dull Finish:** Extenda-Bond Plus is a semi-dull, clear adhesive; providing a near undetectable look for wearers to achieve an all-natural look.
- **Comfortable Hold:** Thin, stretchy, and with a flexible carrier to conform to the scalp, Extenda-Bond Plus is able to give wearers a natural fitting when wearing their systems.

Applying the Tape

1. Peel off the liner that is scored down the middle.
2. Place the adhesive side toward the unit. Avoid touching the adhesive.
3. Place the tape contour where desired on the hair system. Repeat as needed.
4. When ready to apply to the scalp, peel off the remaining printed liner pieces.
5. Press the hair system firmly onto the scalp, taking care not to move it in the process.
